CORNERSTONE DEVELOPMENT TANZANIA

We have been operating in Tanzania for the past 14 years and have since launched our flagship program, the Cornerstone Leadership Academy in Arusha. Our influence in the country is in two regards – first, we run our Africa Youth Leadership Program that nurtures young university leaders to effectively serve society beyond their own self-interest, and secondly, we have now secured a place for the construction of a Leadership Academy.

This school provides **free** high school education to needy and other under-privileged young men and women that show high leadership potential – taking in applicants from all different regions and tribal backgrounds of Tanzania. GUIDELINES AND EXPECTATIONS
FOR STUDENTS JOINING CORNERSTONE 2025

MISSION STATEMENT OF CORNERSTONE LEADERSHIP ACADEMY:

"We seek to create a life transforming learning environment that will mold young men and women into future leaders for Tanzania and beyond men and women whose lives fully reflect the character qualities and leadership principles embodied in the life of Jesus."

PURPOSE OF C. L. A. GUIDELINES & EXPECTATIONS:

With our mission in mind, all members of Cornerstone Leadership Academy community are called to live a life worthy of a follower of Jesus. Rather than simply living according to a "set of rules" imposed by an external authority we should strive to be SELF – disciplined, living according to guiding PRINCIPLES.

"The greater the extent of one's self-discipline, the less one is subject to discipline of others."

This wise saying reflects the guidance philosophy of CLA. Our aim is not simply to "enforce discipline" externally. Rather, our aim is to encourage every members of the community to freely choose to internalize and live by the "character qualities and leadership principles embodied in the life of Jesus/ Nabbi Isa" for this will produce in all of us a permanent life- transformation which will benefit us wherever we go, not just a temporary conformity.

The purposes of the CLA Guidelines & Expected of students then are two- fold:

First, there is need to state clearly the guidelines and expectation for behavior so that all students know what is expected of them.

Secondly, there may be occasions when Students need to be prompted to bring their actions within these guidelines.

Both aspects are included in the following paper.

PART ONE: PRINCIPLES:

Fundamentally, as a community we will endeavor to do everything according to two Scriptural commandments.

- 1. To love God with our whole heart, soul, mind and strength.**
- 2. To love our neighbor as our selves.**

These fundamental principles set standard by which we can all measure our behavior. As Jesus said, "Upon these two commandments hang all the law and the prophets. "Living by these two principles will do more than anything else to maintain the loving and stable environment for all the community at CLA.

Within these commandments, we consider the following to be basic principles for all of us live by:

1. Honesty
2. Trustworthiness
3. Hard work
4. Integrity
5. Punctuality
6. Responsibility
7. Courtesy and respect and live according to these and similar principles, our lives will be a reflection of Jesus to all around.

PART TWO: RELATIONSHIPS:

The essential reason for controlling our behavior is to achieve a harmonious, mutually nurturing community. The highest standard of relationships anyone can strive to attain is to "Love one Another." As we are commanded by Jesus. This then shall be the overriding principle with regard to students' relationships with ALL other members of the CLA Community.

Simply put any behavior which is deemed disrespectful of ANY member of this community, whether Management, Staff, Workers, fellow student, etc, will be considered inappropriate of a CLA Student, and will be taken very seriously by the Guidance committee. With this principle in mind, Student should adhere to the following:

1. **Authority:** In accepting to attend admission at CLA, a student accepts the authority of ALL Management & Staff Members of CLA. While the Management and Staff will strive to avoid placing conflicting demands upon students, students should always show respect for staff members and act accordingly. Disrespectful actions toward any person in a position of authority will be considered extremely serious.
2. Prompt compliance with requests from Staff members is expected at all times.
3. Any problems arising from conflicting demands placed upon Students should be discussed with the relevant Staff members and or Teacher on Duty.
4. Students are expected to treat all members of the community with courtesy and consideration, respecting differences in culture, religion, etc.

PART THREE: GUIDELINES:

These guidelines are not intended to be a "complete set of rules" governing Students' behavior. Rather, they are simply clarifications of how these principles apply to the life of a CLA student. Remember, living according to **principles** rather than **rules** requires wise judgment in every situation. These guidelines will be periodically reviewed to ensure their appropriateness. Any changes will be communicated to all students.

- A. **Attendance:** Prompt reporting and attendance to all school functions reflects one's respect for Staff and Management. CLA students are expected to display a high degree of self-discipline in this area. Unauthorized absentness display serious disrespect for those who have set the schedule and are giving their time and energy to assist students at the school and for fellow students who have made the necessary effort to keep time.

1. Reporting:

Students are required to be at school for specified term dates as set by the management & Staff. Students who are late in returning to school face disciplinary consequences to be determined by the Discipline Committee.

Any late reporting to school is to be explained by the student's guardian/parent, in writing, to the School administration. In case of medical emergency, an official medical report from the physician must be submitted.

Students are required to notify the School Administration immediately on their arrival at school. C. L. A guardianship commences upon this notice of arrival and does not extend to travel to and from school.

2. Term / leave:

All students are required to complete the entire term (including work contributions) as set by the Management & Staff. Students will only be allowed to leave the School during term for official functions, permitted leave, or in cases of personal or medical emergency.

Permission for any leave must be authorized by the teacher on duty. A letter from the students Guardian may be required in cases of personal emergency and the Headmaster will authorize the permission.

3. Daily schedule:

Students are expected to maintain the daily schedule without exception. Prompt timekeeping is be maintained for every aspect of the School timetable, including bathing, meals, classes, scheduled preps and all other mandatory school functions.

Maintenance of the Daily School is overseen by the Teacher on Duty and the students leader of the week. Untidiness in any aspect of the schedule will be reported by the relevant Staff members to this Teacher.

4. Academic/ Extra – Curricular:

Attendance of all lessons, leadership lectures, workshops, seminars, examinations, work contributions, and other mandatory school functions is compulsory for all students. - 2. To be given counsel and advised accordingly.

Cheating exams

Students that are found to have cheated any form of exams with sufficient evidence will immediately be given **INDEFINITE SUSPENSION.**

B) Student Movement

In order to effectively act as guardians, Staff must be aware of every students’ whereabouts at all times. To avoid confusion and or unnecessary concern, the basic “rule of thumb” is that students should see to it that a Staff member is aware of there whereabouts at any time.

During class hours students should not be moving outside the school compound unless told to do so by a staff member for work etc.

Specifically, the following guidelines are to be followed:

- 1). **School Premises:** Students wishing to move beyond the limits of the school must have expressed permission of the Teacher on Duty.
- 2) **Visitors:** Visitors are welcome to CLA. However for obvious reasons there must be an orderly conduct on the part of both the host Student and the visitors themselves. Visitation should be a benefit to the school and not a disruption. We practice open door visitations except for every Saturday from 2pm to 4pm. **However frequent visits on a short notice by parents/guardians will be brought to the notice of the Headmaster at once.**
 - i. All visitors upon arrival are to be introduced by their host to the Teacher on Duty. At no reasons and time may a guest be in the students’ dormitory except after seeking permission from relevant authority.
 - ii. At no time may a male guest be in the girl’s dormitory and at no time may a female guest be in the boy’s dormitory except after seeking permission from relevant authority.
